EMENTA DO CURSO

FortiClient EMS Administrator v7.4

Código: **EDU-FTN-EMS** Categoria: **Fortinet**

InLearn

PÚBLICO

IT and security professionals involved in the management, configuration, and administration of FortiClient EMS endpoints used to secure devices for their organizations should attend this course.

Participants should have a thorough understanding of endpoint solutions.

PRÉ-REQUISITOS

A basic understanding of endpoint protection solutions.

VISÃO

In this course, you will learn how to use the FortiClient EMS features, provision FortiClient endpoints, integrate the FortiClient EMS Security Fabric, and deploy and configure the zero-trust network access (ZTNA) agent and endpoint security features. Learning these product fundamentals provide you with a solid understanding of how to deploy, manage, andmaintain endpoint security using FortiClient EMS.
